JOB ACCELERATOR GRANT SCHEME

Timing:

ROUTINE — For information and noting.

Recommendations/Issues: It is recommended that you:

• note the current status of the job accelerator grant scheme including that the scheme is now closed to new applications.

Noted

Hon Rob Lucas MLC

Treasurer

L1 42019

Key Points:

- Businesses with total Australian wages of \$5 million or less that increase (and maintain the increase in) their number of South Australian employees were eligible to receive a grant for each additional worker employed by them in a new position between 1 July 2016 and 30 June 2018.
- Two grants were available depending on the size of the business:
 - o A **job accelerator grant** of up to \$10,000 (\$5,000 each year for two years) for each new full-time equivalent job created by businesses liable for payroll tax in South Australia with total Australian wages of \$5 million or less. The grant will be pro-rated where a business hires a part-time or casual employee; and

Sensitive: SOUO – I2, A2 Pursuant to Part 9 of the *Taxation Administration Act* 1996

- A job accelerator grant for small business and start-ups of \$4,000 (\$2,000 each year for two years) for each new job created for businesses not liable for payroll tax, including due to their total payroll falling below the payroll tax-free threshold of \$600,000. The new employee must work more than 22 hours per week to receive the grant.
- As part of the 2017-18 State Budget, job accelerator grant payments increased by up to \$5,000 for each new apprentice and trainee employed and eligible under the job accelerator grant scheme.
- The additional amounts are being paid in 2 equal instalments of \$2,500 on the first and second year anniversary of employment. The additional grant applied to all eligible apprentice and trainee positions created between 1 July 2016 and 30 June 2018.
- As a result of this increased grant amount, payroll tax paying businesses that had
 payrolls of less than \$5 million can receive up to \$15,000 (\$10,000 base job accelerator
 grant plus \$5,000 additional payment) for each new apprentice or trainee they hire and
 firms that did not pay payroll tax can receive up to \$9,000 (\$4,000 base job accelerator
 grant plus \$5,000 additional payment).
- The grant is payable at the first and second anniversary date of employment.
- If the new position is only maintained for between 12 months and two years, businesses will not be required to repay the grant received on the first anniversary of the increase in employment.
- There is no limit on the number grants available under this scheme.
- Where a business hires a new additional employee the business should have, within 90 days, registered the new position with RevenueSA. The registration is completed online and should take about 5 minutes.
- Total job accelerator grant statistics up until 11 February 2019 are provided below:

	11 February 19
Number of jobs registered	27,951
Number of businesses that have completed registrations	6,703
Total number of grants paid	7,210
Total value of grants paid	\$31,788,050

Closure of the Job Accelerator Grant Scheme

- Given the job accelerator grant scheme only applied to new positions created between 1
 July 2016 and 30 June 2018, and 90 days have expired, it is appropriate to close the
 scheme to new applications to manage expectation and resources.
- Appropriate amendments have been made to RevenueSA's website to advise of the closure of the scheme.

- RevenueSA continues to process applications for the first anniversary and also are receiving second anniversary claims. We expect to do so until December 2020, and possibly a little longer.
- RevenueSA also expects there may be a small number of businesses who request the
 opportunity to submit a late applications for registration.
- Where a business owner contacts RevenueSA and believes they have a good case for the late registration of a job that started on or before 30 June 2018 we will offer them the opportunity to put their case in writing, detailing the reasons for their delay in application and why they feel a late registration should be accepted. Such applications will be considered on their merits.
