## NOTES TO THE FINANCIAL STATEMENTS

### 1. Establishment and function of the Lotteries Commission of South Australia

The Lotteries Commission of South Australia (the Commission), is established under the *State Lotteries Act 1966*, with the primary function of promoting and conducting lotteries in South Australia.

Tatts Lotteries SA Pty Ltd (Tatts), as a subsidiary company of Tabcorp Holdings Limited, operates the Commission's brands and products, as the appointed Master Agent for a term expiring in December 2052. It is required to provide the Commission with all information relevant to its performance as Master Agent and for the proper operation of the agency arrangement.

The terms and conditions of the appointment and on-going operations of the Master Agent are governed by a number of Transaction Documents.

The Commission, in its capacity as principal, monitors Tatts' compliance with the Transaction Documents and retains the power to instruct Tatts to comply with its obligations under those documents.

On the 1 January 2020 the Acting Executive Director, Organisation and Governance of the Department of Treasury and Finance (DTF) was appointed as Commissioner. The office administration functions of the Commission were transferred to DTF.

### 2. Basis of preparation

The financial statements have been prepared based on a 12 month reporting period and are presented in Australian currency. The historical cost convention is used unless a different measurement basis is specifically disclosed in the note associated with the item measured.

The accounting policies set out in the notes have been applied in preparing the financial statements for the year ended 30 June 2020 and the comparative information presented.

All amounts in the financial statements and accompanying notes have been rounded to the nearest thousand dollars (\$'000) unless otherwise specified.

Assets and Liabilities that are to be sold, consumed or realised as part of the normal operating cycle have been classified as current assets or current liabilities. All other assets and liabilities are classified as non current.

For the 2019-20 financial statements the Commissioner is required to comply with the new Treasurer's Instruction (Accounting Policy Statements) changes effective 1 June 2020.

#### (a) Statement of compliance

The Commission has prepared these financial statements in compliance with section 23 of the *Public Finance and Audit Act 1987*.

The financial statements are general purpose financial statements. The financial statements have been prepared in accordance with relevant Australian Accounting Standards with reduced disclosure requirements and comply with Treasurer's Instructions and Accounting Policy Statements issued by the Treasurer under the provisions of the *Public Finance and Audit Act 1987*.

The Commission has applied Australian Accounting Standards that are applicable to not-for-profit entities, as the Commission is a not-for-profit entity.

#### (b) Reporting entity

The reporting entity comprises all activities of the Commission. This includes all transactions processed through the Lotteries Fund which is established under section 16(1) of the *State Lotteries Act 1966*. Tatts holds and operates the Lotteries Fund for and on behalf of the Commission.

#### (c) Comparative information

The presentation and classification of items in the financial statements are consistent with prior periods except where specific accounting standards and/or accounting policy statements have required a change.

Where presentation or classification of items in the financial statements have been amended, comparative figures have been adjusted to conform to changes in presentation or classification in these financial statements unless impracticable.

The restated comparative amounts do not replace the original financial statements for the preceding period.

## Lotteries Commission of South Australia

### (d) Taxation

The Commission is not subject to income tax. The Commission is liable for payroll tax, fringe benefits tax and goods and services tax (GST).

#### *Goods and Services Tax (GST)*

The Commission, in accordance with section 16(3)(b) of the *State Lotteries Act 1966*, is required to pay GST of one eleventh of net gambling revenue (NGR), being gross sales less total prizes paid, direct to the Australian Taxation Office (ATO). The Master Agent calculates and forwards the GST on a monthly basis for the Commission to remit directly to the ATO. The GST on NGR is treated as a cost of sales.

Other income, expenses and assets are recognised net of the amount of GST except:

- when the GST incurred on a purchase of goods or services is not recoverable from the ATO, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item applicable; and
- receivables and payables which are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the ATO is included as part of receivables or payables in the Statement of Financial Position.

Cash flows are included in the Statement of Cash Flows on a gross basis.

### (e) Special Appeal Lotteries

Section 13AB of the *State Lotteries Act 1966* enables the Commission to conduct Special Appeal Lotteries. Tatts is to do all things necessary to assist the Commission to conduct Special Appeal Lotteries and will receive compensation in accordance with the Master Agency Agreement and the Treasurer's Agency Fees Guarantee and Payment Deed.

No Special Appeal Lotteries were conducted during the financial year.

### (f) Events after the reporting period

There have been no events subsequent to 30 June 2020 that have had a material impact on the information disclosed in these financial statements.

### (g) Continuity of operations

The SA Government is committed and has consistently demonstrated a commitment to the ongoing funding of the Commission to enable it to perform its functions.

## 3. Changes to the Commission

<b>Total liabilities transferred</b>	<b>69</b>

## Lotteries Commission of South Australia

### 4. New and revised Accounting Standards and policies

The Commission did not voluntarily change any of its accounting policies during 2019-20

#### Treasurer's Instructions (Accounting Policy Statements)

The Treasurer has approved changes to the *Treasurer's Instructions (Accounting Policy Statements) 2019* to be made and operational for the 2019-20 financial reporting period, effective 1 June 2020. The changes made are in relation to:

- Leases - the appropriate approach for subsequent measurement of leases under AASB 16 is the cost method.
- Presentation - It was determined that the Net Cost of Services format used for the Statement of Comprehensive Income and Statement of Cash Flows no longer provides information that is meaningful to report to users. The standard approach under AASB 101 Presentation of Financial Statements is to be adopted.
- Income of Not-for-profit Entities - a number of amendments to AASB 1004 Contributions.

#### Accounting Standards

The Commission has assessed the impact of the Australian Accounting Standards and Interpretations that became effective 1 July 2019 and considers there will be no material impact on the accounting policies or the financial statements as outlined below.

Reference	Title and date of Standard application	Summary	Impact on financial statements	Application date for the Commission
AASB 16	<i>Leases</i> 1 January 2019	<p>This new standard introduces a single accounting model for lessees.</p> <p>The standard requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value.</p> <p>A lessee is required to recognise a right-to-use asset representing its right to use the underlying leased asset, and a lease liability representing its obligations to make lease payments.</p> <p>In effect, the majority of leases currently classified as operating leases will be reported on the Statement of Financial Position.</p>	<p>This new standard is a significant departure from the past 30 years of accounting for leases.</p> <p>AASB 16 was expected to have an impact on the Statement of Financial Position. However, in the case of accommodation leases Cabinet Circular PC018 clarifies that clauses that convey the right to use the accommodation are not enforceable. This means that for accounting purposes these arrangements do not meet the definition of a lease.</p> <p>The Commission has assessed the implications of AASB 16 and concluded there is no impact on the Statement of Financial Position.</p>	1 July 2019

## Lotteries Commission of South Australia

Reference	Title and date of Standard application	Summary	Impact on Financial Statements	Application date for the Commission
AASB 15	<i>Revenue from Contracts with Customers</i> 1 January 2019	<p>AASB 15 is the new standard for revenue recognition and replaces AASB 111 <i>Construction Contracts</i> and AASB 118 <i>Revenue</i>.</p> <p>It establishes a comprehensive framework for determining whether, how and when revenue is recognised.</p> <p>The principle in the new standard is 'when control of a good or service transfers to a customers' rather than 'when the risk and rewards of ownership reside'.</p>	The Commission has assessed the implications of AASB 15 and concluded there is no impact on the financial statements.	1 July 2019
AASB1058	<i>Income for Not-for-Profit Entities</i> 1 January 2019	<p>This Standard clarifies and simplifies the income recognition requirements that apply to not-for-profit entities in conjunction with AASB 15.</p> <p>AASB 15 and 1058 will supersede the majority of income recognition requirements relating to public sector not-for profit entities, previously in AASB 1004.</p> <p>The timing of income recognition depends on whether a transaction gives rise to a liability or other performance obligation or a contribution by owners related to an asset received by the entity,</p> <p>AASB 1058 applies when a not-for-profit entity receives volunteer services or enters into other transactions where the consideration to acquire the asset is significantly less than the fair value of the asset principally to enable the entity to further its objectives.</p>	The Commission has assessed the implications of AASB 1058 and concluded there is no material impact on the financial statements.	1 July 2019

<b>Total payables</b>	<b>48 635</b>	<b>47 461</b>

Payables include creditors, accrued expenses, prizes payable, GST payable, employment on-costs and undistributed funds.

The Commission paid for all supplies and services incurred up until 31 March 2020. From 1 April 2020 DTF assumed responsibility for the payment of all supplies and services (excluding external audit fees).

All game related payables are administered by Tatts on behalf of the Commission.

Prizes payable represent amounts due to be paid to customers for prizes won in South Australia and settlements due to lottery operators in other States participating in inter-jurisdictional prize pooling arrangements.

Amounts payable for prizes won in South Australia are generally available for payment the day following the draw, or in the case of Instant Scratch tickets and minor Keno prizes, on the date of sale or draw. Division 1 prizes for lotto matrix type games are normally paid 14 days after the date of draw in accordance with the Lotteries Rules. Amounts payable to Blocs represent monies due to other lottery operators for prizes won in interstate jurisdictions. Settlement of amounts payable to Bloc members are normally due 14 days after the date of the draw.

Non-current prizes payable relate to outstanding annuity-style Instant Scratch tickets and Set for Life prizes where the total prize is payable in instalments over a number of years in accordance with the terms and conditions of each game. The liability is measured at the undiscounted amount expected to be paid.

All prizes payable are administered by Tatts on behalf of the Commission.

Employment on-costs include payroll tax, WorkCover levies and superannuation contributions. The Commission makes contributions to one State Government superannuation scheme. These contributions are treated as an expense when they occur. There is no liability for payments to beneficiaries as they have been assumed by the superannuation scheme.

### *Interest rate and credit risk*

Creditors and accruals are raised for all amounts billed but unpaid. Sundry creditors are normally settled within 30 days. Employment on-costs are settled when the respective employee benefit that they relate to is discharged. All payables are non-interest bearing. The carrying amount of payables represents fair value due to the amounts being payable on demand.

In accordance with subsection 16(3) of the *State Lotteries Act 1966*, the Commission is required to pay to the Hospitals Fund the balance of surplus funds remaining after:

- payment of gambling tax and GST on Net Gambling Revenue (NGR);
- making allowances for operating and capital expenses;
- in respect of Special Appeal Lotteries (note 2(e)), applying the net proceeds and unclaimed prizes less the GST on NGR to the beneficiary(s) of those lotteries; and
- retaining funds for certain designated purposes.

Gambling tax is paid from the Lotteries Fund by Tatts on behalf of the Commission to the State.

In accordance with the provisions of the *State Lotteries Act 1966* the transfer of funds to the Hospitals Fund was reflected in the financial statements in the form of:

- (i) a gambling tax of 41 per cent on NGR in respect of all lotteries conducted by the Commission except sports lotteries, special lotteries and special appeal lotteries;
- (ii) unclaimed prizes.

The composition of all amounts due and payable to Government on account of the Hospitals Fund are detailed in this note.

Benefits accrued for employees as a result of services provided up to the reporting date that remain unpaid. Long-term employee benefits are measured at present value and short-term employee benefits are measured at nominal amounts.

The Commission makes contributions to the State Government and externally managed superannuation schemes. These contributions are treated as an expense when they occur. There is no liability for payments to beneficiaries as they have been assumed by the respective superannuation schemes.

#### *Salaries, annual leave and sick leave*

The liability for salaries is measured as the amount unpaid at the reporting date at remuneration rates current at the reporting date.

The annual leave and skills and experience retention liabilities are expected to be payable within 12 months and are measured at the undiscounted amount expected to be paid.

No provision has been made for sick leave as all sick leave is non-vesting and the average sick leave taken in future years by employees is estimated to be less than the annual entitlement of sick leave.

## Lotteries Commission of South Australia

### *Long service leave*

The liability for long service leave is measured at the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period.

The estimated liability for long service leave is based on expected future salary levels, experience of employee departures and periods of service.

The portion of the long service leave liability classified as current represents the amount that is expected to be paid as leave taken or paid on termination of employment during the Commission's normal operating cycle.

Other than a prize in a Special Appeal Lottery (note 2(e)), any prize in a lottery that has not been collected or taken delivery of within 12 months of the date of the draw or relevant day is forfeited to the Commission and transferred into the Unclaimed Prizes Reserve. Subsection 16C(4) of the *State Lotteries Act 1966* requires the Commission to pay:

- 50 per cent of the amount derived from unclaimed prizes in sports lotteries or special lotteries to the Recreation and Sport Fund; and
- 50 per cent of the amount derived from unclaimed prizes in other lotteries to the Hospitals Fund.

The balance in the Reserve is applied by the Commission from time to time for the purposes of providing additional or increased prizes in a subsequent lottery or lotteries, providing prizes in promotional lotteries or making ex gratia payments.

The *State Lotteries Act 1966* provides for an ex gratia payment to a person who satisfies the Commission that they are a winner of a prize in a lottery conducted by the Commission, despite the fact that a prize has been forfeited to the Commission, the winning ticket has been lost or destroyed or the period of notice of a claim for the prize has expired.

Ex gratia payments are charged to the Unclaimed Prizes Reserve. The next payment to either the Hospitals Fund or Recreation and Sport Fund is then reduced by an amount equivalent to 50 per cent of the ex gratia payment, depending on the game played.

Within one year	-	166
Later than one year but not longer than five years	-	199
<b>Total other commitments</b>	<b>-</b>	<b>365</b>

The Commission paid for all supplies and services incurred until 31 March 2020. As of 1 April 2020 DTF assumed responsibility for the payments of all supplies and services (excluding external audit fees), consequently the Commission no longer has unrecognised contractual commitments as at 30 June 2020.

Commitments include operating expenditures arising from contractual sources and are disclosed at their nominal value.

Unrecognised contractual commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the ATO. If GST is not payable to, or recoverable from, the ATO, the commitments and contingencies are disclosed on a gross basis.

### Master Agent Fee

The Commission is required to pay a monthly Master Agent fee to Tatts for a term of 40 years commencing 11 December 2012. No amounts payable to the Master Agent are disclosed as commitments as the fee is based on a formula which is contingent on gross sales, prizes, gambling tax on net gambling revenue, Agents' commissions and GST on net gambling revenue. The amount is paid on a monthly basis.

## 20. Contingent assets and liabilities

The Commission is not aware of any contingent assets or contingent liabilities.

The Commission has made no guarantees.

Contingent assets and contingent liabilities are not recognised in the Statement of Financial Position but are disclosed by way of a note and if quantifiable are measured at nominal value.

## Lotteries Commission of South Australia

### 21. Financial risk management

The Commission's exposure to financial risk (liquidity risk, credit risk and market risk) is low due to the nature of the financial instruments held.

Risk Management assessments are carried out by the Commission. Commission risk management policies have been established in accordance with the Risk Management Policy Statement issued by the Premier and Treasurer.

The Commission has non-interest bearing assets (cash at bank, cash on hand and receivables) and liabilities (payables and other liabilities). The maturity of financial assets and liabilities are disclosed separately in the relevant notes: current items mature in less than 12 months; non-current items mature in more than 12 months.

The Commission's exposure to cash flow interest risk is minimal.

The Commission's exposure to credit risk is minimal. The major portion of monies owing relates to the operation of SA Lotteries' brands and products by Tatts as the Master Agent. It is not anticipated that parties will fail to discharge their obligations. The Commission has policies and procedures in place to ensure that transactions occur with parties with appropriate credit history.

Liquidity risk arises where an organisation is unable to meet its financial obligations as and when they fall due. The Commission has consistent and stable cash flows from the SA Government, which means its exposure to liquidity risk is minimal. The Commission's exposure to liquidity risk is insignificant based on current expectations regarding risk.

## To the Commissioner Lotteries Commission of South Australia

### Opinion

I have audited the financial report of the Lotteries Commission of South Australia for the financial year ended 30 June 2020.

In my opinion, the accompanying financial report gives a true and fair view of the financial position of the Lotteries Commission of South Australia as at 30 June 2020, its financial performance and its cash flows for the year then ended in accordance with the relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards.

The financial report comprises:

- a Statement of Comprehensive Income for the year ended 30 June 2020
- a Statement of Financial Position as at 30 June 2020
- a Statement of Changes in Equity for the year ended 30 June 2020
- a Statement of Cash Flows for the year ended 30 June 2020
- Notes, comprising significant accounting policies and other explanatory information
- a Certificate from the Commissioner and Director, Financial Services, Department of Treasury and Finance.

### Basis for opinion

I conducted the audit in accordance with the *Public Finance and Audit Act 1987* and Australian Auditing Standards. My responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial report' section of my report. I am independent of the Lotteries Commission of South Australia. The *Public Finance and Audit Act 1987* establishes the independence of the Auditor-General. In conducting the audit, the relevant ethical requirements of APES 110 *Code of Ethics for Professional Accountants* (including Independence Standards) have been met.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

## **Responsibilities of the Commissioner for the financial report**

The Commissioner is responsible for the preparation of the financial report that gives a true and fair view in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and the Australian Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

## **Auditor's responsibilities for the audit of the financial report**

As required by section 31(1)(b) of the *Public Finance and Audit Act 1987* and section 18A(2) of the *State Lotteries Act 1966*, I have audited the financial report of the Lotteries Commission of South Australia for the financial year ended 30 June 2020.

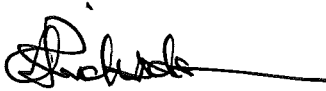

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Lotteries Commission of South Australia's internal control
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Commissioner
- evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

My report refers only to the financial report described above and does not provide assurance over the integrity of electronic publication by the entity on any website nor does it provide an opinion on other information which may have been hyperlinked to/from the report.

I communicate with the Commissioner about, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during the audit.
