Freedom of Information – Logbook Records

I refer to your application under the *Freedom of Information Act 1991* (FOI Act), received by the Department of Treasury and Finance (DTF) on 3 December 2025.

Your application specifically requested:

'A copy of logbook records for the current Leader of the Opposition, Hon Vincent Tarzia MP, the former Leader of the Opposition, Hon David Speirs, the current Deputy Leader of the Opposition Josh Teague MP, the previous Deputy Leader of the Opposition John Gardner MP, the Leader of the Opposition in the Legislative Council Hon Nicola Centofanti MLC, the President of the Legislative Council, Hon Terry Stephens MLC. Date range - 19/04/22 - 1/12/25, or if not available for specific dates, the most recently submitted three-month period for each member.'

Your application has been determined under Part 3, section 19(2a) of the FOI Act.

The purpose of this letter is to advise you of my determination.

A total of 7 documents were identified as answering the terms of your application and I have determined as follows:

- I grant you access in part to 5 documents, copies of which are enclosed, and
- I refuse you access to 2 documents.

Please refer to the attached schedule that describes each document and sets out my determination and reasons in summary form. The application of exemption clauses is explained below.

Clause 6—Documents affecting personal affairs

- (1) A document is an exempt document if it contains matter the disclosure of which would involve the unreasonable disclosure of information concerning the personal affairs of any person (living or dead).

- Home addresses of Government of South Australia employees and chauffeur clients fall within the definition of personal affairs under the FOI Act and are exempt from release pursuant to clause 6(1) of Schedule 1.

Clause 7—Documents affecting business affairs

(1) A document is an exempt document—

...

(c) if it contains matter—

- (i) consisting of information (other than trade secrets or information referred to in paragraph (b)) concerning the business, professional, commercial or financial affairs of any agency or any other person; and
- (ii) the disclosure of which—
 - (A) could reasonably be expected to have an adverse effect on those affairs or to prejudice the future supply of such information to the Government or to an agency; and
 - (B) would, on balance, be contrary to the public interest.

- Vehicle registration numbers form part of South Australian Government business assets and fall within the definition of business affairs under the FOI Act.

Public interest favours transparency regarding government business processes, however, on balance, the State Government needs to maintain a high level of digital and personal security to ensure employees and systems are not compromised. Therefore, this information is exempt from release pursuant to clause 7(1)(c) of Schedule 1 of the FOI Act.

To assist in identifying logbook entries of interest to you, entries that relate to Members of Parliament other than those listed in your application have been removed as 'out of scope'.

I have determined to refuse access to two documents relevant to your application, pursuant to section 20(1)(b) of the FOI Act.

Section 20(1)(b) states that '*An agency may refuse access to a document if it is a document that is available for inspection at that or some other agency (whether as part of a public register or otherwise) in accordance with Part 2, or in accordance with a legislative instrument other than this Act, whether or not inspection of the document is subject to a fee or charge.*'

Documents refused pursuant to section 20(1)(b) are publicly available resources and are available at [FOIs determined in the past 12 months | Department of Treasury and Finance](#).

Please note, in compliance with Premier and Cabinet Circular PC045 - *Disclosure Logs for Non-Personal Information Released through Freedom of Information* (PC045), DTF is required to publish a log of all non-personal information released under the *Freedom of Information Act 1991*.

In accordance with this Circular, any non-personal information determined for release as part of this application, may be published on the DTF website. A copy of PC045 can be found at the following address: <https://www.dpc.sa.gov.au/resources-and-publications/premier-and-cabinet-circulars>. Please visit the website for further information.

Appeal rights

If you are aggrieved with this determination, you have a right to apply for internal review under subsection 29(1) of the FOI Act. Pursuant to subsection 29(2), your application must:

- be in writing
- be accompanied by the application fee of \$43.30 (unless fee waiver applicable) – payment options available on request.
- be addressed to the Principal Officer:
 - o Tammie Pribanic
Principal Freedom of Information Officer
Department of Treasury and Finance
- be mailed to GPO Box 1045, Adelaide SA 5001, or emailed to DTFOfficeoftheUnderTreasurer@sa.gov.au, within 30 days after the day on which you receive this letter or within such further time as the Principal Officer may allow.

If you require any further information, please contact DTF Freedom of Information Unit (freedomofInformation2@sa.gov.au).

Yours sincerely

Shikasta Bhatia

How to complete your Vehicle Log Book

A valid Australian Taxation Office compliant log book must be kept for a continuous period of 12 weeks per Ministerial Chauffeured vehicle. The log book will be valid for a five year period, so long as the business percentage stays annually within 10% of the percentage substantiated in the log book e.g. the percentage derived in the continuous 12 week period must be reflective of the vehicle's ongoing annual use.

If the vehicle's business use has altered by more than 10%, a new log book will be required to be maintained for a further continuous 12 week period.

The Minister / VIP client must maintain the Vehicle Log Book in situations where a Minister / VIP client has possession of the car without a Ministerial Driver being present.

The following details are to be recorded in the log book for each journey undertaken:

1. **Date of Journey** – the date the journey commenced and finished.
2. **Purpose of Journey** - a description of the purpose of the journey and geographical location by naming suburb to suburb. An entry merely indicating "business" or "miscellaneous business" will be insufficient for the purpose. As a general rule, an entry should be sufficiently descriptive of the purpose of the journey and geographical location to characterise it as business or private journey and to correlate broadly with the distance travelled. For example, the purpose of the journey should be recorded as "Office Adelaide to home Richmond" or "business meeting Netley to Office Adelaide".
3. **Odometer** – odometer readings of the car at the beginning and end of the journey.
4. **Kilometres travelled** – the total kilometres travelled during each journey should be recorded in either of the columns headed, business or private. The "Example vehicle log book entries" following this page will assist you in determining whether the journeys you undertake should be recorded as business or private.
5. **Name of Person Making Entry** – the driver's name.
6. **Garaged Overnight at Home (Y / N)** – at the end of the last journey for the day, it must be indicated if the vehicle is garaged at your private residence.
7. **Start and End Dates** – At each entry the start and end date must be recorded.

Timing of entries

As a general rule, the ATO Commissioner requires log book entries to be made on the same day as the relevant journey.

Consecutive Journeys

Where two or more business trips are undertaken consecutively on any day, only one entry for the series needs to be recorded in the log book. For example, where a Minister / client is driven from their office to a series of consecutive meetings prior to returning to their office, you could record the odometer readings at the start and end of the consecutive journeys and describe the purpose of the travel as 'Ministerial Office to 2 meetings and return to office'

Example of Journeys Undertaken – Private vs. Business

ATO Private Tax Ruling – SOUTH AUSTRALIAN GOVERNMENT (1012001122103)

Ministerial Chauffeured Vehicles		Business vs. Private Journey
Allocated Ministerial Drivers		
1.	Trips between driver's private residence and Minister's / client's home (where the driver has garaged their vehicle at their private residence)	Business
2.	Trips between Minister's / client's private residence and work (e.g. from Minister's / client's home to work office / Parliament House etc)	Private (for Minister / client)
3.	Trips between Minister's / client's private residence and a business location other than in general vicinity of their usual work location (e.g. from Minister's private residence to regional visit etc)	Business
4.	Trips between Minister's / client's private residence and private task (e.g. children's school, shops, gym, sporting events etc)	Private (for Minister / client)
5.	Trips between work (e.g. Ministerial Office, Electorate Office etc) and business lunch (e.g. as a Minister or as a Member of Parliament) where the meal constitutes meal entertainment (e.g. defined as a substantial meal being a 'sit down' meal)	Private (for Minister / client)
6.	Trips between work (e.g. Ministerial Office, Electorate Office etc) and business lunch (e.g. as a Minister or as a Member of Parliament) where the meal does not constitute meal entertainment (e.g. food representing finger food such as sandwiches, cakes, party pies, sausage rolls etc and no alcohol is being served)	Business

7.	Trips between work (e.g. Ministerial Office, Electorate Office etc) and a charity ball or cocktail party, whether it is held for fundraising or other purposes	Private (for Minister / client)
8.	Trips between work (e.g. Ministerial Office, Electorate Office etc) and private lunch (e.g. with spouse etc)	Private (for Minister / client)
9.	Driver picks up Minister, spouse / children and drops them at their private residence or to attend a function with the Minister / client	Private (for Minister / client)
10.	Trips between driver's private residence and work (e.g. Ministerial drivers FSA room) whilst Minister / client is out of SA or on leave	Business
11.	Trips by the driver to a location of an upcoming travel requirement, with the intention to scout out the location for access points etc.	Business
12.	Trips between driver's work location (e.g. Ministerial drivers chauffeur room) and petrol station and return	Business
13.	Trips by driver from FSA car park (where car has not been home garaged) and Minister's / client's private residence	Business

Unallocated / Spare Drivers (additional to the above)		
1.	Trips between driver's private residence and work (e.g. FSA garage / chauffeur room, business assignment or task)	Business
2.	Trips between work (e.g. FSA garage / chauffeur room) and business assignment or task	Business

Note

- Private travel is not required to be shown.
- Each entry must include the purpose of the journey and the geographical location, i.e. suburb to suburb
- Where a journey includes the Minister / client and either a spouse, child, friend of client etc, then the journey is not exclusively defined as business related for FBT and the journey must be classified as Private in the vehicle log book;
- Defining meal entertainment (per examples 5, 6 &7) can be a technical issue within FBT, and this may not be possible for a journey. If this is the case, classify the journey as Private in the vehicle log book; and
- Where the characteristic of a business journey is broken to include a proportion of private usage within the travel, then the journey must be recorded as two entries to detail both the business and private portion e.g. you are returning the Minister / client to the office and the client requests you stop so they may collect their dry cleaning / purchase a sausage roll etc from the deli. The journey from the client's office to the meeting is classified as business. From the meeting to the private activity (deli / dry cleaning) must be recorded as Private in the vehicle log book.
- For clarification or enquiries please contact your Ministerial Fleet Coordinator or Manager, Electorate Services

How to complete your Vehicle Log Book

A valid Australian Taxation Office compliant log book must be kept for a continuous period of 12 weeks per Ministerial Chauffeured vehicle. The log book will be valid for a five year period, so long as the business percentage stays annually within 10% of the percentage substantiated in the log book e.g. the percentage derived in the continuous 12 week period must be reflective of the vehicle's ongoing annual use.

If the vehicle's business use has altered by more than 10%, a new log book will be required to be maintained for a further continuous 12 week period.

The Minister / VIP client must maintain the Vehicle Log Book in situations where a Minister / VIP client has possession of the car without a Ministerial Driver being present.

The following details are to be recorded in the log book for each journey undertaken:

1. **Date of Journey** – the date the journey commenced and finished.
2. **Purpose of Journey** - a description of the purpose of the journey and geographical location by naming suburb to suburb. An entry merely indicating "business" or "miscellaneous business" will be insufficient for the purpose. As a general rule, an entry should be sufficiently descriptive of the purpose of the journey and geographical location to characterise it as business or private journey and to correlate broadly with the distance travelled. For example, the purpose of the journey should be recorded as "Office Adelaide to home Richmond" or "business meeting Netley to Office Adelaide".
3. **Odometer** – odometer readings of the car at the beginning and end of the journey.
4. **Kilometres travelled** – the total kilometres travelled during each journey should be recorded in either of the columns headed, business or private. The "Example vehicle log book entries" following this page will assist you in determining whether the journeys you undertake should be recorded as business or private.
5. **Name of Person Making Entry** – the driver's name.
6. **Garaged Overnight at Home (Y / N)** – at the end of the last journey for the day, it must be indicated if the vehicle is garaged at your private residence.
7. **Start and End Dates** – At each entry the start and end date must be recorded.

Timing of entries

As a general rule, the ATO Commissioner requires log book entries to be made on the same day as the relevant journey.

Consecutive Journeys

Where two or more business trips are undertaken consecutively on any day, only one entry for the series needs to be recorded in the log book. For example, where a Minister / client is driven from their office to a series of consecutive meetings prior to returning to their office, you could record the odometer readings at the start and end of the consecutive journeys and describe the purpose of the travel as 'Ministerial Office to 2 meetings and return to office'

Example of Journeys Undertaken – Private vs. Business

ATO Private Tax Ruling – SOUTH AUSTRALIAN GOVERNMENT (1012001122103)

Ministerial Chauffeured Vehicles		Business vs. Private Journey
Allocated Ministerial Drivers		
1.	Trips between driver's private residence and Minister's / client's home (where the driver has garaged their vehicle at their private residence)	Business
2.	Trips between Minister's / client's private residence and work (e.g. from Minister's / client's home to work office / Parliament House etc)	Private (for Minister / client)
3.	Trips between Minister's / client's private residence and a business location other than in general vicinity of their usual work location (e.g. from Minister's private residence to regional visit etc)	Business
4.	Trips between Minister's / client's private residence and private task (e.g. children's school, shops, gym, sporting events etc)	Private (for Minister / client)
5.	Trips between work (e.g. Ministerial Office, Electorate Office etc) and business lunch (e.g. as a Minister or as a Member of Parliament) where the meal constitutes meal entertainment (e.g. defined as a substantial meal being a 'sit down' meal)	Private (for Minister / client)
6.	Trips between work (e.g. Ministerial Office, Electorate Office etc) and business lunch (e.g. as a Minister or as a Member of Parliament) where the meal does not constitute meal entertainment (e.g. food representing finger food such as sandwiches, cakes, party pies, sausage rolls etc and no alcohol is being served)	Business

7.	Trips between work (e.g. Ministerial Office, Electorate Office etc) and a charity ball or cocktail party, whether it is held for fundraising or other purposes	Private (for Minister / client)
8.	Trips between work (e.g. Ministerial Office, Electorate Office etc) and private lunch (e.g. with spouse etc)	Private (for Minister / client)
9.	Driver picks up Minister, spouse / children and drops them at their private residence or to attend a function with the Minister / client	Private (for Minister / client)
10.	Trips between driver's private residence and work (e.g. Ministerial drivers FSA room) whilst Minister / client is out of SA or on leave	Business
11.	Trips by the driver to a location of an upcoming travel requirement, with the intention to scout out the location for access points etc.	Business
12.	Trips between driver's work location (e.g. Ministerial drivers chauffeur room) and petrol station and return	Business
13.	Trips by driver from FSA car park (where car has not been home garaged) and Minister's / client's private residence	Business

Unallocated / Spare Drivers (additional to the above)		
1.	Trips between driver's private residence and work (e.g. FSA garage / chauffeur room, business assignment or task)	Business
2.	Trips between work (e.g. FSA garage / chauffeur room) and business assignment or task	Business

Note

- Private travel is not required to be shown.
- Each entry must include the purpose of the journey and the geographical location, i.e. suburb to suburb
- Where a journey includes the Minister / client and either a spouse, child, friend of client etc, then the journey is not exclusively defined as business related for FBT and the journey must be classified as Private in the vehicle log book;
- Defining meal entertainment (per examples 5, 6 &7) can be a technical issue within FBT, and this may not be possible for a journey. If this is the case, classify the journey as Private in the vehicle log book; and
- Where the characteristic of a business journey is broken to include a proportion of private usage within the travel, then the journey must be recorded as two entries to detail both the business and private portion e.g. you are returning the Minister / client to the office and the client requests you stop so they may collect their dry cleaning / purchase a sausage roll etc from the deli. The journey from the client's office to the meeting is classified as business. From the meeting to the private activity (deli / dry cleaning) must be recorded as Private in the vehicle log book.
- For clarification or enquiries please contact your Ministerial Fleet Coordinator or Manager, Electorate Services

How to complete your Vehicle Log Book

A valid Australian Taxation Office compliant log book must be kept for a continuous period of 12 weeks per Ministerial Chauffeured vehicle. The log book will be valid for a five year period, so long as the business percentage stays annually within 10% of the percentage substantiated in the log book e.g. the percentage derived in the continuous 12 week period must be reflective of the vehicle's ongoing annual use.

If the vehicle's business use has altered by more than 10%, a new log book will be required to be maintained for a further continuous 12 week period.

The Minister / VIP client must maintain the Vehicle Log Book in situations where a Minister / VIP client has possession of the car without a Ministerial Driver being present.

The following details are to be recorded in the log book for each journey undertaken:

1. **Date of Journey** – the date the journey commenced and finished.
2. **Purpose of Journey** - a description of the purpose of the journey and geographical location by naming suburb to suburb. An entry merely indicating "business" or "miscellaneous business" will be insufficient for the purpose. As a general rule, an entry should be sufficiently descriptive of the purpose of the journey and geographical location to characterise it as business or private journey and to correlate broadly with the distance travelled. For example, the purpose of the journey should be recorded as "Office Adelaide to home Richmond" or "business meeting Netley to Office Adelaide".
3. **Odometer** – odometer readings of the car at the beginning and end of the journey.
4. **Kilometres travelled** – the total kilometres travelled during each journey should be recorded in either of the columns headed, business or private. The "Example vehicle log book entries" following this page will assist you in determining whether the journeys you undertake should be recorded as business or private.
5. **Name of Person Making Entry** – the driver's name.
6. **Garaged Overnight at Home (Y / N)** – at the end of the last journey for the day, it must be indicated if the vehicle is garaged at your private residence.
7. **Start and End Dates** – At each entry the start and end date must be recorded.

Timing of entries

As a general rule, the ATO Commissioner requires log book entries to be made on the same day as the relevant journey.

Consecutive Journeys

Where two or more business trips are undertaken consecutively on any day, only one entry for the series needs to be recorded in the log book. For example, where a Minister / client is driven from their office to a series of consecutive meetings prior to returning to their office, you could record the odometer readings at the start and end of the consecutive journeys and describe the purpose of the travel as 'Ministerial Office to 2 meetings and return to office'

Example of Journeys Undertaken – Private vs. Business

ATO Private Tax Ruling – SOUTH AUSTRALIAN GOVERNMENT (1012001122103)

Ministerial Chauffeured Vehicles		Business vs. Private Journey
Allocated Ministerial Drivers		
1.	Trips between driver's private residence and Minister's / client's home (where the driver has garaged their vehicle at their private residence)	Business
2.	Trips between Minister's / client's private residence and work (e.g. from Minister's / client's home to work office / Parliament House etc)	Private (for Minister / client)
3.	Trips between Minister's / client's private residence and a business location other than in general vicinity of their usual work location (e.g. from Minister's private residence to regional visit etc)	Business
4.	Trips between Minister's / client's private residence and private task (e.g. children's school, shops, gym, sporting events etc)	Private (for Minister / client)
5.	Trips between work (e.g. Ministerial Office, Electorate Office etc) and business lunch (e.g. as a Minister or as a Member of Parliament) where the meal constitutes meal entertainment (e.g. defined as a substantial meal being a 'sit down' meal)	Private (for Minister / client)
6.	Trips between work (e.g. Ministerial Office, Electorate Office etc) and business lunch (e.g. as a Minister or as a Member of Parliament) where the meal does not constitute meal entertainment (e.g. food representing finger food such as sandwiches, cakes, party pies, sausage rolls etc and no alcohol is being served)	Business

7.	Trips between work (e.g. Ministerial Office, Electorate Office etc) and a charity ball or cocktail party, whether it is held for fundraising or other purposes	Private (for Minister / client)
8.	Trips between work (e.g. Ministerial Office, Electorate Office etc) and private lunch (e.g. with spouse etc)	Private (for Minister / client)
9.	Driver picks up Minister, spouse / children and drops them at their private residence or to attend a function with the Minister / client	Private (for Minister / client)
10.	Trips between driver's private residence and work (e.g. Ministerial drivers FSA room) whilst Minister / client is out of SA or on leave	Business
11.	Trips by the driver to a location of an upcoming travel requirement, with the intention to scout out the location for access points etc.	Business
12.	Trips between driver's work location (e.g. Ministerial drivers chauffeur room) and petrol station and return	Business
13.	Trips by driver from FSA car park (where car has not been home garaged) and Minister's / client's private residence	Business

Unallocated / Spare Drivers (additional to the above)		
1.	Trips between driver's private residence and work (e.g. FSA garage / chauffeur room, business assignment or task)	Business
2.	Trips between work (e.g. FSA garage / chauffeur room) and business assignment or task	Business

Note

- Private travel is not required to be shown.
- Each entry must include the purpose of the journey and the geographical location, i.e. suburb to suburb
- Where a journey includes the Minister / client and either a spouse, child, friend of client etc, then the journey is not exclusively defined as business related for FBT and the journey must be classified as Private in the vehicle log book;
- Defining meal entertainment (per examples 5, 6 &7) can be a technical issue within FBT, and this may not be possible for a journey. If this is the case, classify the journey as Private in the vehicle log book; and
- Where the characteristic of a business journey is broken to include a proportion of private usage within the travel, then the journey must be recorded as two entries to detail both the business and private portion e.g. you are returning the Minister / client to the office and the client requests you stop so they may collect their dry cleaning / purchase a sausage roll etc from the deli. The journey from the client's office to the meeting is classified as business. From the meeting to the private activity (deli / dry cleaning) must be recorded as Private in the vehicle log book.

How to complete your Vehicle Log Book

A valid Australian Taxation Office compliant log book must be kept for a continuous period of 12 weeks per Ministerial Chauffeured vehicle. The log book will be valid for a five year period, so long as the business percentage stays annually within 10% of the percentage substantiated in the log book e.g. the percentage derived in the continuous 12 week period must be reflective of the vehicle's ongoing annual use.

If the vehicle's business use has altered by more than 10%, a new log book will be required to be maintained for a further continuous 12 week period.

The Minister / VIP client must maintain the Vehicle Log Book in situations where a Minister / VIP client has possession of the car without a Ministerial Driver being present.

The following details are to be recorded in the log book for each journey undertaken:

1. ***Date of Journey*** – the date the journey commenced and finished.
2. ***Purpose of Journey*** - a description of the purpose of the journey and geographical location by naming suburb to suburb. An entry merely indicating “business” or “miscellaneous business” will be insufficient for the purpose. As a general rule, an entry should be sufficiently descriptive of the purpose of the journey and geographical location to characterise it as business or private journey and to correlate broadly with the distance travelled. For example, the purpose of the journey should be recorded as “Office Adelaide to home Richmond” or “business meeting Netley to Office Adelaide”.
3. ***Odometer*** – odometer readings of the car at the beginning and end of the journey.
4. ***Kilometres travelled*** – the total kilometres travelled during each journey should be recorded in either of the columns headed, business or private. The “Example vehicle log book entries” following this page will assist you in determining whether the journeys you undertake should be recorded as business or private.
5. ***Name of Person Making Entry*** – the driver's name.
6. ***Garaged Overnight at Home (Y / N)*** – at the end of the last journey for the day, it must be indicated if the vehicle is garaged at your private residence.
7. ***Start and End Dates*** – At each entry the start and end date must be recorded.

Timing of entries

As a general rule, the ATO Commissioner requires log book entries to be made on the same day as the relevant journey.

Consecutive Journeys

Where two or more business trips are undertaken consecutively on any day, only one entry for the series needs to be recorded in the log book. For example, where a Minister / client is driven from their office to a series of consecutive meetings prior to returning to their office, you could record the odometer readings at the start and end of the consecutive journeys and describe the purpose of the travel as 'Ministerial Office to 2 meetings and return to office'

Ministerial Chauffeured Vehicles		Business vs. Private Journey
Allocated Ministerial Drivers		
1.	Trips between driver's private residence and Minister's / client's home (where the driver has garaged their vehicle at their private residence)	Business
2.	Trips between Minister's / client's private residence and work (e.g. from Minister's / client's home to work office / Parliament House etc)	Private (for Minister / client)
3.	Trips between Minister's / client's private residence and a business location other than in general vicinity of their usual work location (e.g. from Minister's private residence to regional visit etc)	Business
4.	Trips between Minister's / client's private residence and private task (e.g. children's school, shops, gym, sporting events etc)	Private (for Minister / client)
5.	Trips between work (e.g. Ministerial Office, Electorate Office etc) and business lunch (e.g. as a Minister or as a Member of Parliament) where the meal constitutes meal entertainment (e.g. defined as a substantial meal being a 'sit down' meal)	Private (for Minister / client)
6.	Trips between work (e.g. Ministerial Office, Electorate Office etc) and business lunch (e.g. as a Minister or as a Member of Parliament) where the meal does not constitute meal entertainment (e.g. food representing finger food such as sandwiches, cakes, party pies, sausage rolls etc and no alcohol is being served)	Business

7.	Trips between work (e.g. Ministerial Office, Electorate Office etc) and a charity ball or cocktail party, whether it is held for fundraising or other purposes	Private (for Minister / client)

9.	Driver picks up Minister, spouse / children and drops them at their private residence or to attend a function with the Minister / client	Private (for Minister / client)
10.	Trips between driver's private residence and work (e.g. Ministerial drivers FSA room) whilst Minister / client is out of SA or on leave	Business
11.	Trips by the driver to a location of an upcoming travel requirement, with the intention to scout out the location for access points etc.	Business
12.	Trips between driver's work location (e.g. Ministerial drivers chauffeur room) and petrol station and return	Business
13.	Trips by driver from FSA car park (where car has not been home garaged) and Minister's / client's private residence	Business

Unallocated / Spare Drivers (additional to the above)		
1.	Trips between driver's private residence and work (e.g. FSA garage / chauffeur room, business assignment or task)	Business
2.	Trips between work (e.g. FSA garage / chauffeur room) and business assignment or task	Business

Note

- Private travel is not required to be shown.
- Each entry must include the purpose of the journey and the geographical location, i.e. suburb to suburb
- Where a journey includes the Minister / client and either a spouse, child, friend of client etc, then the journey is not exclusively defined as business related for FBT and the journey must be classified as Private in the vehicle log book;
- Defining meal entertainment (per examples 5, 6 & 7) can be a technical issue within FBT, and this may not be possible for a journey. If this is the case, classify the journey as Private in the vehicle log book; and
- Where the characteristic of a business journey is broken to include a proportion of private usage within the travel, then the journey must be recorded as two entries to detail both the business and private portion e.g. you are returning the Minister / client to the office and the client requests you stop so they may collect their dry cleaning / purchase a sausage roll etc from the deli. The journey from the client's office to the meeting is classified as business. From the meeting to the private activity (deli / dry cleaning) must be recorded as Private in the vehicle log book.
