Dear Mr Cowdrey

Freedom of Information – Screenshots of the Under Treasurer’s official diary

I refer to your application under the *Freedom of Information Act 1991* (FOI Act), received by the Department of Treasury and Finance (DTF) on 31 August 2023.

Your application specifically requested:

‘Screenshots of the Under Treasurer’s official diary and/or register of appointments from Friday 1 July 2022 to Wednesday 30 August 2023.’ [Date Range: 1/07/2022 - 31/08/2023]

Under the FOI Act, an agency has 30 days to respond to a freedom of information request. As DTF did not respond to your request within the time frame required, the department is deemed to have refused you access to all documents relevant to your application. However, I have decided to process the request as if the statutory time frame had been met.

The purpose of this letter is to advise you of my determination.

A total of 1 document was identified as answering the terms of your application and I have determined as follows:

- I grant you access in part to 1 document, copy of which is enclosed.

Please refer to the attached schedule that describes each document and sets out my determination and reasons in summary form.

Document released in part

Document 1.

- Contains information detailing intergovernmental meetings and the topic for discussion, as displayed in the Under Treasurer’s diary, have been redacted.

This information falls within the definition of confidential communication from another government and disclosure of this information would, on balance, not benefit the public. Therefore, under the FOI Act and is therefore exempt from release pursuant to Clause 5(1)(1)(ii) of Schedule 1.

- Contains information detailing middle names of public sector staff, personal appointments, staff leave arrangements and mobile phone numbers of meeting attendees.

This information falls within the definition of personal affairs under the FOI Act and is therefore exempt from release pursuant to Clause 6(1) of Schedule 1.

- Contains information regarding employment panels for another agency, which are outside of the Under Treasurer's official duties and form part of the business and financial affairs of the Government of South Australia.
- Contains names of individuals representing a business and businesses, which form part of their business and financial affairs. Disclosure of this information would undermine business confidence in the State Government's ability to uphold the confidentiality of their employees, as well as expose those businesses that have discussed project proposals, sought funding or advice from the State Government to competing businesses, which could reasonably be expected to have an adverse effect on the financial affairs of the businesses.

This information falls within the definition of business affairs under the FOI Act and disclosure of this information would, on balance, not benefit the public. The information is therefore exempt from release pursuant to clause 7(1)(c) of Schedule 1.
