Purpose

DTF explained that today's meeting is the formal commencement of bargaining as per the Notice of Intention (**NOI**); dated 23 January 2020 and sent to applicable employees. As such, today's meeting is a preliminary meeting.

Employee representative organisations confirmed that they received formal correspondence, dated 24 January 2020, from the Director, Enterprise Bargaining and that such correspondence enclosed a copy of the NOI.

Employer's 'key themes'

DTF advised that it is not in a position to discuss the employer's 'key themes' at today's preliminary meeting. DTF envisages that by the next EB General Meeting, the employer will be in a position to discuss its key themes for this round of bargaining.

Enterprise Bargaining Principles

DTF provided a copy the Enterprise Bargaining Principles dated 4 October 2018 distributed at that time.

Unions' Log of Claims

Employee representative organisations advised that they are continuing to have discussions with their respective members regarding such matters.

PSA raised *Jeisman v Chief Executive, Department of Treasury and Finance [2019] SAET 198* and queried what impact it would have on bargaining. DTF confirmed they would consider this and provide a response.
